Reading questions #11  
Due Thur, Jun 18th

1) In chapter 4 of *The Expanding Circle*, Singer says that the view that everyone should do what is best for him (Peter Singer) is not really a possible ethical view. Why not? On the other hand, he thinks that egoism is a possible view. What does he mean by egoism and what makes it a possible ethical view?

Do you think that Egoism is a good ethical view? Why or why not?

2) After reading the chapter, come up with a question that you want answered or a topic that you would like to be discussed. This could be something that the chapters forced you think about or it could be something that you thought was particularly confusing in the chapter.
